

How to Configure M365 on your Android Device Using MS Outlook

Step 1: Download MS Outlook from the Play Store.

Step 2: Open MS Outlook and tap **Add Account**.

Step 3: In the email field, enter your CUNYfirst credentials: firstname.lastname##@login.cuny.edu

Tap **Continue**.

Step 4: You will be redirected to the CUNY authentication screen. Enter your CUNY username and password.

Tap **Log in**.

Note: You may be required to Authenticate.

Step 5: The M365 email account will be installed and configured on your phone.
